## SUMMARY

Information Technology student with experience developing web-based systems and database-driven applications. Passionate about software development, networking, and technology solutions that improve operational efficiency.

## WORK EXPERIENCE

**Development of WorkConnect**

2025-2026

Role: Documentation Lead

- Prepared and maintained project documentation, including requirements, and system specifications.
- Contributed to the design and development of a web-based platform connecting users with employment and networking opportunities while maintaining project documentation, technical procedures, and development records throughout the project lifecycle.
- Tech Stack: PHP, MySQL, JavaScript.

**AVC Murphy Beds**

2024-2025

Role: Full Stack Developer and Documentation

- Analyzed business requirements and proposed technology-based solutions to improve operational processes.
- Developed system documentation, process flows, and design specifications, while performing testing and validation to ensure reliable functionality and a positive user experience.
- Identified issues and implement improvements throughout development.
- Tech Stack: PHP, MySQL, JavaScript.

**Anti Red Tape Authority Survey Web App**

2024-2025

Role: Backend Developer

- Developed a web application for collecting and managing survey responses digitally.
- Developed database structures and intuitive user interfaces, while supporting testing, and debugging to maintain system reliability.
- Tech Stack: PHP, MySQL, JavaScript.

## EDUCATION

**Pamantasan ng Lungsod ng Valenzuela**

2023 - Present

Bachelor of Science in Information Technology

- Relevant coursework: Database Management, Web Development, Networking, and Software Engineering.
- Developed web applications and database systems through academic projects.

**St. Bernadette College of Valenzuela**

2021 - 2023

- Graduated With Honors.
- Specialized in Science, Technology, Engineering, and Mathematics (STEM).
- Developed strong analytical, research, and problem-solving skills.

## ADDITIONAL INFORMATION

- **Technical Skills:** HTML, CSS, JavaScript, PHP, MySQL, Git, GitHub, Visual Studio Code, Database Management, Web Development.
- **Certifications:** Cisco Networking Basics, Cisco Academy, Cisco Networking Devices and Initial Configuration.
